

ZINC

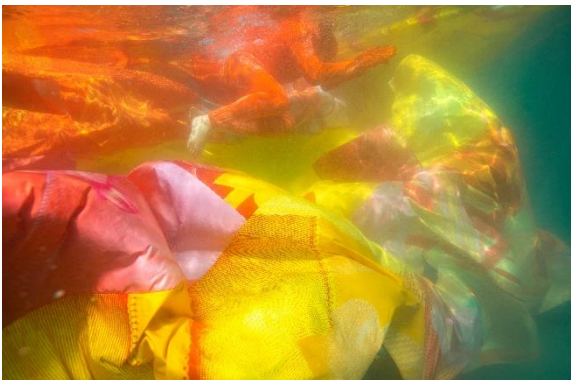

Rosina Possingham + Brianna Speight

1 October – 30 October 2020

ZINC was developed during a three-month collaborative residency at Sauerbier House by Rosina Possingham and Brianna Speight. Responding to the surroundings of the residency, the work developed over the 2020 summer explores feelings associated with extreme heat, beach safety and recreation. Photographs in the series were taken at the Port Noarlunga Jetty and at Sauerbier House with assistance from friends and community members. ZINC re-imagines throwaway beach paraphernalia, warning labels and extreme heat within a playful scene of hi-visibility materials. Don't forget your ZINC!

1.	<i>Below (the surface)</i>	Archival pigment print, 73 x 110cm	\$870 mounted \$750 print only Edition 2/10	
2.	<i>Above (feeling the heat)</i>	Archival pigment print, 50 x 40 cm	\$430 mounted \$400 print only Edition 2/10
